[Things will get violent in DC, no doubt about it.](#)posted 4 days ago by [RevenTexX](#) +700 / -0

ANTIFA will start it too, no doubt.

But please be safe and be prepared for violence, because I believe it is inevitable.

We need to take a note from anonymous and their protests against scientology. Make signs that say "this person is not one of us". Any time someone tries to instigate violence make sure the signs are clear to all cameras to ruin any photos the media will try to run to smear us.

My God, if you get fucked over and there is no violence, you lost.

Your instigators may be the only chance to spark a necessary revolution against the communist takeover.

So you are much more willing to beat your own people than bringing justice to these swamp creatures fucking you and your country over for decades and especially 2020?

I want to maintain the thought that these people's minds can be saved, but it is a blind faith, because I see no evidence that they are redeemable. They spit on God. I don't want to unify with these people.

Beat the instigator to a pulp..period..

See Clinton's rules of engagement in Kosovo. The media and the people giving orders were targets under his rules.

Agreed, no more rough them up and let them go. This isn't a fucking game counting-coup. Put them down so hard they stay down. Show no mercy as you would get none from them. They want you dead.

my local papers headline was just "Trump demands georgia to find 11337 votes" yesterday. Normies see that shit.

Not everyone knows what we know.

no. This is not what we need at this moment. This is the opposite of what I even suggested.

"Trump supporters brutally beat their own" yeah, normies will totally respond positively to this.....

Let them start it. We MUST finish them. Utterly destroy them. There is no more excuse to hide the truth and say what needs to be done. They need to be removed from this realm of reality.

Stay in a large group. Don't walk even ten feet away from your mass. Antifa will do some mediocre shit and get the dc police to tear you away from your people. Think think.

Anyone who throws a Molotov should be shot or otherwise made not-a-threat. Being covered in burning gasoline is a "big deal". In non-clown world, arsonists are shot until they stop lighting things on fire.

Only to a degree, and not if patriots target Dem Congressional traitors in DC like Antifa/BLM terrorists target Trump supporting Congressional GOP's in kind. Remember Antifa/BLM terrorist action is often not organic but commanded from above (think Soetoro/Soros). That's why they almost always stopped and started on cues on

larger political developments not only across the country, including Minneapolis, Portland & Seattle areas, but also across the world.

Exactly! There are more of us patriots than them traitors, who know that, too. They only get violent during specific times and at specific places when and where patriots cannot leverage the advantages.
